

PARGAT SINGH

Full-Stack Web Developer

Canada (open to relocation) | +1 (613) 866-2971 | pargattsingh@gmail.com | linkedin.com/in/pargat1204 | pargatfolio.com

PROFESSIONAL SUMMARY

Full-Stack Software Developer with 2+ years of professional experience building and shipping production web applications end to end. Strong in JavaScript, React.js, Node.js and Express.js, with hands-on experience designing REST APIs, modelling MySQL and MongoDB schemas, integrating third-party services, and deploying to AWS EC2 on Linux. Comfortable owning a feature from database through API to user interface.

TECHNICAL SKILLS

Languages & Front End: JavaScript (ES6+), React.js, HTML5, CSS3, responsive and cross-browser development

Back End & APIs: Node.js, Express.js, REST API design, WebSockets, WebRTC, webhooks, authentication, role-based access control

Databases: MySQL (schema design, indexing, query optimization), MongoDB

Cloud, DevOps & Tools: AWS EC2, Linux, Docker, Git and GitHub, CI/CD, npm, Postman, production debugging

Integrations: Meta Graph API, WhatsApp Business API, Tata Tele telephony APIs, payment gateways (PayPal, Paytm, PhonePe)

AI-Assisted Development: Claude Code (agentic coding, spec-driven workflows, custom skills, subagents, and hooks)

TEACHING EXPERIENCE

Peer Tutor — DevOps and Full Stack JavaScript | Lambton College, Ottawa, ON | Co-op Term, 2026

- Tutored JavaScript, React, Node.js/Express, MongoDB, Git/GitHub, CI/CD, containerization and cloud deployment, coaching students toward independent debugging.

PROJECTS

CareCredits | Full-Stack Web Application | In progress, 2026

- In progress: frontend design and core user flows underway; smart-contract integration, testing and deployment to follow.
- Building a blockchain based (ERC-20) family-care platform that lets relatives abroad fund trusted local services for elderly parents in Canada.
- Designing role-based family, senior and provider interfaces with service requests, scheduling, activity tracking and a CareCredits-based service catalogue using an ERC-20 credit model.

M. Sucré | Custom Cakes Website for a Local Business | Bilingual E-Commerce Platform (MERN) | Completed in 2025

- Built a bilingual (English/French) e-commerce application with a React front end, Node.js/Express API and MongoDB data layer, covering product catalog, cart and order flow.

INTERNATIONAL PROFESSIONAL EXPERIENCE

Full-Stack Web Developer | Mozo Cloud Services Pvt. Ltd., Chandigarh, India | 2021 - 2023

- Built and shipped production full-stack applications using React.js, Node.js, Express.js and MySQL, including real estate listing platforms, custom admin panels and role-based dashboards.
- Designed normalized MySQL schemas for a CRM holding 10,000+ customer records, cutting reporting and search response times through targeted indexing and query optimization.
- Developed real-time video streaming and click-to-call features with WebRTC and WebSockets, integrating Tata Tele telephony APIs to route inbound customers to available agents.
- Integrated Meta Graph API and WhatsApp Business API for marketing campaigns and automated lead capture, and built PayPal, Paytm and PhonePe payment flows with webhook confirmation.
- Deployed and maintained applications on AWS EC2 (Linux) using Git/GitHub workflows, and resolved production defects reported by client teams.

Front-End Developer | Shareware Infotech, India | 2020 - 2021

- Built responsive, cross-browser interfaces with HTML5, CSS3, JavaScript and React.js, converting design mockups into reusable components with state handling and form validation.
- Integrated REST APIs with asynchronous data fetching and explicit loading and error states, and debugged compatibility issues across browsers and screen sizes.

EDUCATION

Post-Graduate Diploma (2 years), Full Stack Software Development | Lambton College, Ottawa, ON, Canada | Sep 2024 - June 2026

B.Tech (4 years), Electronics and Communication Engineering | Guru Nanak Dev Engineering College, Ludhiana, Punjab, India | 2019

ADDITIONAL INFORMATION

Work Authorization: Valid Post Graduate Work Permit until 2029. No sponsorship required. Authorized to work full-time anywhere in Canada.
